# ECOVimec

## The right choice, the choice of taste

■ **ECOVimec lift** gives added value to all homes through simple tailor-made installations, both indoors and out. Available in versions from two to five floors, it is an ideal system both for renovation projects and for new buildings: no masonry works are required.

■ **Convenient, effortless**

Quiet and discreet, it is absolutely convenient even for transporting the shopping, child buggies, and any other heavy or bulky item from one floor to another within the home. With the ECOVimec, getting around the house could not be easier.

■ **Customisable**

You and your home deserve a lift which is tailored to suit you not only in its functions but also in its design and personalised finishes; the colours and trims available ensure your Easy Living is just as you want it, the perfect match for its context and your taste.

■ **Reliable**

The Vimec technology guarantees you a product at the state of the art from every point of view. The manufacturer's warranty allows you to cut servicing costs and enjoy all the benefits of quality construction.

## ECOVimec with structure

The ECOVimec lift has state of the art structures in terms of strength, versatility and design. These structures can be customised with different types of glass panelling to suit installations of all kinds, with tailor-made versions and installations even in particularly difficult contexts.

A Vimec outdoor lift never requires invasive building works: installation is completed quickly and with great care, thanks to a network of skilled installers always up to date with the latest products and techniques.

# TECHNICAL DATA

The ECOVimec technical package has parameters and functional requirements of the highest order.

## ECOVimec is a unique elevator:

- Environmentally friendly-electric lift compliant to the Machinery Directive 42/2006
- In the event of a power failure automatically returning to the floor
- Without counterweight
- MRL Machine RoomLess

ECOVimec	
Capacity	up to 400 kg
Maximum travel	5 stops (about 14,6 m)
Speed	0.15 m/sec

- Load-bearing roof (120 kg)
- Safety stop in the pit with electric monitoring and visual flashing alarm with manual reset
- Mechanical safety lock in the headroom with surveillance (electric lock)
- O.S.G. Over Speed Governor: a **speed limiter**
- Loose control drive belts with electric monitoring and shutdown

## DIMENSIONS AND OVERALL SPACE REQUIREMENTS

## MASONRY SHAFT

## SUPPORTING STRUCTURE

## WITH AUTOMATIC TELESCOPIC DOORS

## ECOVimec - HL (Heavy Load) version

The ECOVimec - HL version (Heavy Load) has a higher load capacity: 500 kg

The finishes available for the version of HL are the same of ECOVimec; this solution is provided with a more powerful engine (2.2 kW) and the structure is stronger and more durable.

The platform sizes available for this model are: 1.460x1.170 mm and mm 1.300x1.030.

As an option, HL version can be supplied with a counterweight (150 Kg only), which makes it ideal for the most intensive uses.

### Dedicated to Extra EU markets

#### ECOVimec - HS (High Speed) Version

The ECOVimec - HS version (High Speed) has a higher speed (0,26 m/s) and a higher load capacity (500 kg)

The finishes available for the HS version are the same of ECOVimec; this solution is provided with a more powerful engine (2.2 kW) and the structure is stronger and more durable.

The platform sizes available for this model are: 1.460x1.170 mm and mm 1.300x1.030.

The HS version is always provided with the counterweight (150 Kg only)

### Guaranteed product

The Vimec elevator is guaranteed up to 24 months from the date of consignment.

### PSP: at partners' service

Partner Support Program: a Vimec exclusive for its partners, aiming to supply each of them, all over the world, with a series of personalised tools for developing their business and offering the end user a better and better service. This programme includes an introduction to the concepts of "accessibility", specific classroom training courses and training in the field for sales staff and engineers, analysis and assistance for the development of the most appropriate market strategies, and backup for the organisation of seminars (e.g. for architects, civil engineering firms, etc.) and for participation at trade fairs. Close cooperation with its partners guarantees Vimec constant improvement of its degree of knowledge of the various markets and thus of their varying needs in terms of accessibility, which translates into the design of suitable products. All oriented towards better management of customer relations, and the achievement of full customer satisfaction.

### VIMEC Range

A wide range of products dedicated to people: home lifts and elevators, chairlifts and stairlifts, platform lifts and mobile stair climbers.
